

Hi Nigel,

I wanted to write you a note to thank you for employing such lovely and hardworking people. FGP have gone above and beyond for UTC over the last few weeks (and most importantly me) I am extremely impressed and could not be more appreciative of all the work the team has been put in to achieve expedited deliveries.

The people are on copy I would like to say a special thanks for your continuous support you have all gone above and beyond as a supplier. Special mention for Kirsty as she has been amazing with the 49107 and truly deserves a gold medal with the month pull forward which will be achieved and the 5 calls a day we have had over the last few weeks even when she has been on holiday.

Please flow to your teams also for all their hard work and support also as I know there has been a lot of other people involved.

We as customers do not thank our suppliers enough so I wanted to take the time to thank you all and keep up the hard work.

Kind Regards

Amy
